Tariffs

DOUGLAS HOLTZ-EAKIN | MAY 15, 2024

It looks like time to call the sheriff
To lock up another China tariff

A tariff whose hungry mouth is prest
Against the taxpayers weary breast

A tariff that Biden savors all day
Anticipating an electoral payday

A tariff that lobbyists get to put full of holes
For furthering presidential election goals

Whose record of failure to control China
Is repeated and repeated, a policy mynah

Tariffs are made by fools like Trump
But imitators are the bigger chump
