Rating the Credit Rating Agencies Over the Pandemic

PAULINA ENCK | FEBRUARY 22, 2022

The global financial crisis of 2007-2008 and the COVID-19 recession have provided significant stress tests of the performance of the credit rating agencies. In a new insight, Director of Financial Services Policy Thomas Wade explores how the performance of credit rating agencies should be considered over the course of the COVID-19 pandemic, particularly when compared to the global financial crisis.

Wade concludes:
