The Clawbacks Are Coming

JACKSON HAMMOND | JANUARY 27, 2023

In the coming days, the Centers for Medicare and Medicaid Services (CMS) is expected to release a [major final rule](#) regarding a few aspects of Medicare Advantage (MA). The main concern about the rule focuses on a section concerning the clawing back of improper payments, known as the Risk Adjustment Data Validation (RADV) provision. **The changes to the RADV rule will determine how much money CMS can recover from MA plan sponsors – with stakes [in the billions](#) of dollars.**
